Supplementary Figure S1: Distribution of PCS and MCS scores in AYA cancer patients. Violin plot for distribution of PCS and MCS scores by A) tumor type; B) race/ethnicity; C) age at diagnosis; D) gender.
Supplementary Figure S2: PCS and MCS scores and overall survival in AYA cancer patients by age at diagnosis. (A) Overall survival by age at diagnosis; (B) Survival curves stratified by PCS +/-50; (C) Survival curves stratified by MCS +/-50. Solid line – PCS/MCS ≥50, dotted line – PCS/MCS <50.
Supplemental Figure 3: PCS and MCS scores and overall survival in AYA cancer patients by gender.

(A) Overall survival by gender; (B) Survival curves stratified by PCS +/-50; (C) Survival curves stratified by MCS +/-50.

Solid line – PCS/MCS ≥50, dotted line – PCS/MCS <50.
